## INGREDIENTS

Unrefined mineral sea salt, calcite, monocalcium phosphate, sodium selenite, zinc oxide, zinc sulfate, manganous oxide, manganous sulfate, copper sulfate, cobalt carbonate, ethylenediamine dihydriodide (EDDI), organic oil, vitamins A, D, and E.

## PRODUCT PAIRINGS

We recommend combining Redmond Beef Mineral with Redmond Conditioner to take your mineral program to the next level

- 2-3 parts mineral salts
- 1 part Conditioner

## TESTIMONIALS

“ I am very pleased with the mineral in the over all look my cattle since starting. They have bloomed while not over consuming. Great product!

This is the cows favorite mineral, they have free choice of this, garlic and selenium mixes. This one has been going the fastest lately.  
-T. Ahlgren

”

## FREQUENTLY ASKED QUESTIONS

### HOW AND WHEN SHOULD I USE BEEF MINERAL?

For animals living under poor forage and feed conditions, offer free choice year round or mixed with feed rations. *Testing your feed and forage will help you know whether to use Redmond 10 Fine (for animals on good quality feed and forage), Redmond Selenium 90 (for deficient feed and forage), or Redmond Beef Mineral.*

### CAN DAIRY COWS EAT REDMOND BEEF MINERAL MIX?

Beef mineral is recommended for any cattle breed (dairy or beef) that are on poor quality feed and forage.
