## INGREDIENTS

Derived from humic acids, volcanic ash, poly halite, poultry manure

## PRODUCT PAIRINGS

We recommend using Redmond's Soil Test Kit prior to applying Mineralyte so you know what amendment level your soil needs.

- Results in 6-8 days
- Easy to understand analysis
- Year over year data to view soil progress

## TESTIMONIALS

“ I purchase the GROW on a recommendation. I had a tree removed and needed to seed. After I seeded, I put down the GROW. Withing a week there is a great deal of growth. I am very pleased with this product. -Jill H.

Love it. This is [the] first time that I bought (sic) this product for my medicinal plants. My seeds are doing great, never before had 100 germinations. ”  
-Manuel C.

## FREQUENTLY ASKED QUESTIONS

### WHEN SHOULD I USE MINERALYTE GROW?

Use to grow the mineral and nitrogen levels in depleted or poorer quality soil. Use on its own (contains its own poultry manure)

### WHAT IS GROW MADE OF?

All the ingredients of Mineralyte Foundation (Redmond sea minerals, bio-available humates, Redmond Conditioner) plus additional volcanic minerals and poultry manure.

### WHAT IS THAT SMELL?

The power of poultry manure
