BEEF MINERAL MIX

PREMIUM MINERAL SALT

NET WT 50 LBS (22.68 KG)

WE KEEP IT SIMPLE

Redmond provides simple, back-to-basics products that can help your animals thrive—whether your approach is organic or conventional.

NATURE HAS IT RIGHT

Our unique balance of minerals comes directly from an ancient mineral sea bed—harvested in America and delivered to you exactly as nature intended.

CRAFTED BY FARMERS

Our company was started by farmers over 50 years ago in Central Utah, and we still use Redmond products on our farms today. We feel lucky to be able to share our products with you!

LIVESTOCK FEEDING DIRECTIONS

We like to provide Redmond Beef Mineral Mix free choice. You can also mix with daily rations according to guidelines from your vet or nutritionist. Provide fresh, clean water.

Redmond Premium Mineral Salt is the base of all our salt and mineral mixes. Our Beef Mineral Mix adds some calcium and phosphorus, several trace elements, and some vitamins for those situations that need just a little more fortification. This is a good all-around mineral for most beef cattle.

Warning

This product can expose you to chemicals including Silica Crystalline, which is known by the state of California to cause cancer, birth defects or other reproductive harm.
