Redmond Goat Mineral Mix is a premium sea salt with naturally occurring essential trace minerals. This mix is also fortified with selenium (30 ppm), manganese, cobalt, copper, iodine, zinc and vitamins A, D and E. We work with nature to supply your herd the essential minerals they crave.

Corrects Mineral Deficiencies

Deficiencies are on the rise because feeds and forage often lack the correct quantity and spectrum of minerals goats require for optimum health. Offering Redmond Goat Mineral Mix free choice provides your animals with a full spectrum of sea minerals and vitamins that feed and forage can't provide on their own.

No Fillers, No Funny Stuff

Your animals do not crave the processed grain byproducts or molasses meant to entice consumption found in other products. Redmond Goat Mineral Mix delivers minerals just as Nature intended. They love it, and you will love the results; and you don't have to pay for fillers that your goats don't need.

Your Goats will Crave It

Animals tend to turn up their noses at low salt/heavy mineral mixes. Fortunately, Redmond Minerals naturally contains a higher salt to mineral ratio that uses your goats' instinctual cravings to regulate their mineral intake. When offered a choice, animals go for delicious Redmond Minerals every time!

Goat Mineral Rock on a Rope

3-5 LB ROCK

PN # 101207

UPC 758364101207

CASE OF 8 ROCKS

Vit E	50 IU/lb	

“

All my goats are loving each of the different blends and really loving the salt on a rope. I really like all of them also, they all look and smell very fresh and good to give to my herd. - **Vicky Y.**

Our goats love this mineral. So much better than others we have tried. - **J.L.R.**

One of my goats wasn't feeling too well, but after switching to the Redmond's Goat Mineral, she's feeling great now! - **Fran**

I can see all the little tongue holes, so they've been busy. Good feeling to know they are getting what they need. - **Bonnie M.**
