REDMOND

NATURE'S INTELLIGENCE

Nature wants goodness to thrive. Redmond products use Nature's balance and proportion to bring life back to your farm. She nurtures what the earth needs. When you partner with her, you enrich microbial, plant, and animal life all the way up the food chain.

Nature herself created Redmond Conditioner's unique mineral complex. Over time, our ancient volcanic ash deposit aged with its neighboring sea minerals; creating Nature's perfect recipe for microbial life.

Since discovering this unique mineral deposit in the early 1900s, Redmond has been dedicated to elevating life on the farm. Our products have a full spectrum of naturally occurring sea minerals. This natural complexity is the beauty of Redmond's simplicity.

FOR

All Classes of livestock.

HOW TO FEED

Feed in total mixed ration to provide 10 oz. per head per day, or 1% of total ration, up to 10 oz/day for cattle or according to guidelines from your vet or nutritionist. Provide fresh, clean water.
