

Sheep Mineral

Available in

5 lb Pouch

PN # 109340
UPC 758364109340

sheep + goats
.25 oz (2 tsp) per head
per day or free choice

Redmond Sheep Mineral is a premium, ancient sea salt with naturally occurring essential trace minerals. This mix is also specially formulated for all classes of sheep and is fortified with vitamins A, D, & E.

Healthy Copper Levels

Redmond Sheep Mineral provides your flock with the essential minerals they need and is fortified with vitamins A, D, & E. Sheep Mineral also contains safe, naturally occurring, minimal levels of copper that is essential for bone formation, wool growth, immune health, nerve function, and more. In addition, the sulfur, zinc, and iron in Redmond Sheep Mineral work together to help regulate healthy copper absorption.

No Fillers, No Funny Stuff

Don't pay for fillers your sheep don't need. Other mineral mixes are not palatable without process grain byproducts or molasses to entice consumption. Redmond Sheep Mineral delivers minerals just as nature intended. They love it, and you will love the results.

Pair with Redmond Conditioner

Want to see even more amazing results from your mineral program? Offer your sheep 1 part of Redmond Conditioner for every 2-3 parts of Sheep Mineral. This Conditioner contains a blend of our unique mineral salts and the nourishing volcanic clay found on top of our mineral deposit.

Redmond Conditioner:

- Buffers rumen pH just as efficiently as sodium bicarbonate
- Binds to toxins
- Aids digestion
- Improves complete rumen health
- Is more cost effective than sodium bicarbonate

MINERALS THAT GO TO WORK NOT TO WASTE

Guaranteed Analysis

	MAX	MIN
Salt	81.0 %	76.0 %
